

***Sponsor a Child at***

## **The Ceylon School for the Deaf and Blind**

*Can you imagine the future of a child who is either visually or aurally impaired? Will it not be bleak unless someone comes to their aid, and helps them to cope with their impairment?*

*At the Ceylon School for the Deaf & Blind, we help our differently able children, by giving them a General Education and Vocational Training, that will make them contributors to the society on leaving the school. We provide accommodation, food, clothing etc without charging any fees, and give them the chance of growing up, and enjoying life as a normal child. All this could be done due to the generosity of the many benefactors, who assist us financially.*

*Would you too like to play this role for one or more of our children? To Sponsor a Child, and take him / her under your wings would be a magnanimous act.*

*The cost of Sponsorship is Rs. Ten Thousand (Rs10,000/-) per month, those abroad please apply the current exchange rates if paying in foreign currency. Payments may be done monthly, in installments, or lump sum for one year. Although this sponsorship covers only a part of the expenses, it will assist us immensely in providing the many facilities to the child.*

*Please fill in the application form and post it to the address given therein. For more details contact our coordinator Ms. Subhashini Meegama on*
